

Grid Glances: Potential, Polish, Power

The Owls hardly looked like a powerhouse unit capable of competing with Arkansas, TCU, and the University of Texas (them, again). The potential is there, but there's a lot of polish left to be applied. More on that in a later preview.

On the basketball scene George Carlisle's appointment as head coach is the logical step to take, but it's more than that. Carlisle and the late Johnny Frankie worked together beautifully, and Carlisle should continue to get a maximum performance out of the Owls in 1964.

DON'T BE surprised if the Owls switch to a 1-3-1 zone defense, with a guard underneath, and some variations on a new shuffle offense. Another prediction: the SWC will be no run-away next year.
