

Needshim Calls Thresher Tactics 'Yellow Press'

The Rice Thresher, student newspaper at Rice University, today strongly denied charges that it had become a "yellow press" and was extremely careless.

The charges were brought by Ray Hugh Needshim, a member of the Student Senate.

Needshim claimed that the Thresher was no longer offering responsible and constructive criticism, such as the article published in the fall about the football team. (See the Thresher of the week before the UT game.)
